

## RA F (Black Holes) Science Day

Tuesday, 29/9 2009

MPE, Old seminar room

Programme:

09:30 **Welcome**

09:35 *M. Wurm* (TUM): "Status of the Borexino experiment"

10:00 *J. Winter* (TUM): "The future Neutrino observatory LENA"

10:25 *N. Neumayer* (ESO): "Supermassive Black Holes in nearby galaxies" (\*)

10:50 **Coffee break**

11:15 *D. Gadotti* (MPA): "The growth of supermassive black holes in bulges and elliptical galaxies"

11:40 *F. Shankar* (MPA): "Constraining the co-evolution between Black Holes and their hosts"

12:05 *P. Johnsson* (USM): "The evolution of Black Hole scaling relations in galaxy mergers"

12:30 **Lunch**

14:00 *A. Bongiorno* (MPE): "Evolution of Active Galactic Nuclei seen through the zCOSMOS survey"

14:25 *T. Kruheler* (MPE): "Gamma-ray Burst studies with GROND" (\*)

14:50 Open Discussion

15:30 Close

(\*) tentative title
