

Session Program

21-25 Oct 2013

Physical processes in the ISM

October 21-25, 2013 MPE, Garching

Physical processes in the ISM

The multi-phase ISM

MPE

Gießenbachstraße 1 85748 Garching

Monday 21 October

09:55

The multi-phase ISM

Session | **Location:** MPE, Gießenbachstraße 1 85748 Garching | **Convener:** Henrik Beuther

09:55–10:35 **The multi-phase ISM**

Speaker

Dr Stefanie Walch

10:35–11:05 **Coffee and Tea Break / Poster Viewing**

11:05–11:20

Turbulent structure in bistable interstellar medium: a self-sustaining mechanism

Speaker

Kazunari Iwasaki

11:20–11:35 **The thickness distribution of interstellar filaments**

Speaker

Evangelia Ntormousi

11:35–11:50

Anomalous extinction: The degeneracy between dust composition and geometry

Speaker

Peter Scicluna

11:50–12:05 **Latest GREAT results from SOFIA**

Speaker

Hans Zinnecker

12:05
