

Session Program

21-25 Oct 2013

Physical processes in the ISM

The ISM in the extreme environment of galactic centers

MPE
Gießenbachstraße 1 85748 Garching

Thursday 24 October

16:45

The ISM in the extreme environment of galactic centers

Session | **Location:** MPE, Gießenbachstraße 1 85748 Garching | **Convener:** Avishai Dekel

16:45–17:25

The ISM in the extreme environment of galactic centers

Speaker

Steven Longmore

17:25–17:40

The ISM in the extreme environment of early-type galaxies

Speaker

Timothy Davis

17:40–17:55

Physical processes of gas ionization in the Galactic Center and the origin of 6.4 keV and absorption H_3^+ lines from there

Speaker

Vladimir Dogiel

17:55
