

Session Program

27 August 2018 to 21 September 2018

MIAPP Programme 2018 Heavy Ion

Week 4

MIAPP
Boltzmannstr. 2, 85748 Garching

Monday 17 September

09:30

Week 4: Day 14

Session | **Location:** MIAPP, Boltzmannstr. 2, 85748 Garching

09:30–10:15

Quarkonium production in the Statistical Hadronization Model

Speaker

Anton Andronic

11:00–11:30

Coffee Break

11:30–12:15

From Heavy-Flavor Transport to Microscopic Properties of the Quark-Gluon Plasma

Speaker

Ralf Rapp

13:00

Tuesday 18 September

09:30

13:00

Week 4: Day 15

Session | **Location:** MIAPP, Boltzmannstr. 2, 85748 Garching

09:30–10:15

In-medium properties of heavy flavor mesons from lattice QCD

Speaker

Peter Petreczky

11:00–11:30

Coffee Break

Wednesday 19 September

09:30

Week 4: Day 16

Session | **Location:** MIAPP, Boltzmannstr. 2, 85748 Garching

09:30–10:15

In-medium effects in the spectrum of baryons

Speaker

Chris Allton

11:00–11:30

Coffee Break

11:30–12:30

Roundtable discussion: quarkonia

13:00

Thursday 20 September

09:30

13:00

Week 4: Day 17

Session | **Location:** MIAPP, Boltzmannstr. 2, 85748 Garching

09:30–10:15

The static hard-loop gluon propagator to all orders in anisotropy

Speaker

Michael Strickland

11:00–11:30

Coffee Break

Friday 21 September

09:30

Week 4: Day 18

Session | **Location:** MIAPP, Boltzmannstr. 2, 85748 Garching

09:30–10:15

Open quantum systems approach to the study of quarkonium suppression

Speaker

Miguel Ángel Escobedo Espinosa

13:00

11:00–11:30

Coffee Break
