

First Meeting of the Excellence Cluster's PhD Students

Thursday, 25 September 2008 - Friday, 26 September 2008

Abtei Frauenwörth, Chiemsee

Scientific Programme

We ask every participant to apply for short talks in order to get a broad overview of the research activities within the Cluster of Excellence. Talks will be 10-20 minutes long, depending on the number of participants. Note that this meeting will bring together PhD students of all research areas - so please try to keep your talk comprehensible for non-experts in the field.
