

# Physics of Heavy Baryons

## Friday, June 2, 2023

### Approaches and techniques: Plenary (9:00 AM - 12:20 PM)

time	[id] title	presenter
9:00 AM	[10] Studying the interactions of charm hadrons with femtoscopy	BATTISTINI, Daniel
10:00 AM	[5] Accessing the strong interaction between $\Lambda$ baryons and strange hadrons with femtoscopy at LHC	MANTOVANI SARTI, Valentina
11:30 AM	[10] Nucleon and Delta resonances with hidden charm and a three-body nature	MALABARBA, Brenda
