

Session Program

26-27 May 2025

3rd International Summit on the Future of Neutrinoless Double-beta Decay

Visit of the KATRIN experiment at KIT

Max Planck Institute for Nuclear Physics
Saupfercheckweg 1 69117 Heidelberg Germany

Tuesday 27 May

13:40

Visit of the KATRIN experiment at KIT

Session | **Location:** Karlsruhe Institute of Technology

13:40-14:20 **Technical information about KATRIN at KIT**

14:20-17:00 **Overview of the experimental status of KATRIN**

17:00-18:00 **Discussion about future neutrino mass measurements**

18:00
