Session Program

27–28 Oct 2025

ORIGINS Black Hole Days

The Galactic Center

MPE, Garching, X5 1.1.18
Gießenbachstraße 1 85748 Garching

Monday 27 October

13:55

The Galactic Center

Session | **Location:** MPE, Garching, X5 1.1.18, Gießenbachstraße 1 85748 Garching

13:55–14:20 **The Black Hole in the Centre of the Milky Way**

Speaker
Frank Eisenhauer

14:20–14:35 **Finding faint stars in the Galactic Center with GRAVITY**

Speaker
Felix Mang

14:35

15:00

The Galactic Center

Session | **Location:** MPE, Garching, X5 1.1.18, Gießenbachstraße 1 85748 Garching

15:00–15:15

Probing the gravitational potential around Sagittarius A* with stellar orbits

Speaker
Matteo Sadun Bordoni

15:15–15:30

Flares from SgrA*: Dynamical probes for the accretion flow around supermassive black holes

Speaker
Diogo Ribeiro

15:30–15:45

Polarization of reflected X-ray emission from Sgr A molecular complex: multiple flares, multiple sources?

Speaker
Ildar Khabibullin

15:45–16:00 **Feeding the Galactic Center: Understanding the G1-2-3 Gas Streamer**

Speaker
Simran Joharle

16:00
