08:30–09:00 **Registration**

09:00–09:30 **Norwegian Nuclear Research Center (NNRC)**

Speaker
Sunniva Siem

09:30–09:55 **Nuclear preparedness in Norway**

Speaker
Deborah H. Oughton

09:55–10:20 **Oslo method and Nuclear Astrophysics**

Speaker
Ann-Cecilie Larsen

10:20–10:40 **Spectroscopy of exotic nuclei**

Speaker
Eda Sahin

10:40–11:00 **Research activities at IFE**

Speaker
Georgios Kalantzopoulos

11:00–11:30 **Coffee Break**

11:30–11:45
Particle accelerators based on plasma – toward high-energy electrons and photons

Speaker
Carl Lindstrøm

11:45–12:00 **Development of a New Fission Experimental Setup at OCL**

Speaker
Neeraj Kumar

12:00–12:20
High energy nuclear physics in Norway with ALICE, present and future

Speaker
Ionut C. Arsene

12:20–12:40 **ALICE instrumentation and computing, current projects and upgrades**

Speaker
Matthias Richter
